

~ A Time to Heal ~

Who should attend a Rachel's Vineyard Retreat?

This retreat is open to anyone, woman or man, who is struggling with the emotional and spiritual pain of abortion. Married couples, mothers, fathers, grandparents, siblings of aborted children, friends, as well as persons who have been involved in the abortion industry come to Rachel's Vineyard in search of peace and inner healing.

Why would I need to attend the Retreat?

Any significant life event generates feelings and emotions which need to be acknowledged. Since abortion is usually a carefully guarded secret, feelings are often deeply buried and can eventually manifest themselves in ways which are unhealthy or even harmful.

What can I expect from the Retreat weekend?

The time away provides an opportunity to enter the grieving process and identify all the ways abortion has affected a person's life. During the retreat which uses rituals, the Sacraments, meditations, and quiet reflection, sorrow, remorse and anger may ultimately give way to peace and acceptance. A Rachel's Vineyard weekend retreat is a chance to get away from daily pressures in order to examine a painful experience in a safe, confidential and supportive environment.

The weekend is intense and emotional, but can yield a fruitful harvest. Facilitators of the retreat include licensed therapist, former Rachel's Vineyard participants and trained volunteers. Deacons and priests serve as the group's spiritual directors.

~What People are Saying About Rachel's Vineyard~

"Attending a Rachel's Vineyard retreat was one of the best things I've ever done. I was able to deal with the heartbreaking emotions of a past abortion in a quiet, secluded place with people who understood my pain. More importantly, I was able to draw closer to God, accept His forgiveness and even forgive myself. I highly recommend this retreat to anyone who has suffered from an abortion. You cannot imagine the brighter days that are waiting for you!"

~MF

"A long time ago I helped my girlfriend abort our child... I never thought I would ever turn to the Church for anything, especially for help with the pain of my lost fatherhood through abortion... Rachel's Vineyard was the most healing experience of my life. I was overcome with joy when the Church acknowledged the life of my child. I thank God every day for the healing and peace I received at Rachel's Vineyard."
