INTRODUCTION

This Handbook is an introduction to the life and ministry of the priests in the Diocese of Lexington. It has been formulated as a service to these priests. The contents of this handbook complement the provisions of Canon Law, the Code of Conduct, Policies and Procedures for Creating a Safe Environment for Minors and Vulnerable Adults and those sections of the Employee Handbook that apply to priests. The canons and directives of these codes along with the applications in this handbook are designed to help priests live and minister in ways that are orderly, personally fulfilling and generative of life for the Church.

BOOK ONE – LIFE & MINISTRY

SECTION 100 - COUNCILS-BOARDS-COMMITTEES

101- Presbyteral Council (See Constitution and Bylaws of Presbyteral Council).

A. The Presbyteral Council is a practical expression of the union that exists between the Bishop and the members of the presbyterate of the Diocese of Lexington. The Council is a forum for open reflection and fraternal dialogue between the Bishop and his priests and serves as a vehicle for effective collaboration in diocesan planning, policy making and administration. The Bishop consults the Council; the Council advises the Bishop.

1. Priest members on the Council are either elected, appointed or *ex officio*.

a. Elected members- Priests elect a priest from their respective deanery to serve as Dean and another as Alternate Dean. After appointment and confirmation by the Bishop, the Dean is a *Vicar Forane*. One of his duties and responsibilities is to represent his deanery on the Council. His term on the Council continues as long as he is the *Vicar Forane*. When the Dean is unable to attend a Council meeting, the Alternate Dean should take his place.

b. Appointed members- The Bishop may appoint other priests to the Council to assure that the diversity and culture of the presbyterate and ministries in the Diocese are represented. The appointed members may serve two (2) consecutive three (3) year terms.

c. *Ex Officio* members- The Vicar General, the Vicar for Priests, the Associate Vicar for Priests, the Vicar for Retired Priests, the Vicar for Ongoing Formation and the Director of Acculturation for International Priests serve on the Council by reason of their position. Their terms on the Council coincide with their positions.

2. Officers of the Council- President, Chairman, Vice Chairman, Secretary

a. The Bishop is the *President* of the Council.

b. *The Chairman, Vice Chairman and Secretary* are elected each year by the members at the September meeting. The oldest Dean conducts the election.

B. Sub-committees of the Presbyteral Council

1. Executive Committee- There shall be a standing committee, "*Executive Committee*." The committee members, the President and the Chairman, will set the agenda for the Council meetings.

2. Priests' Life Committee- There shall be a standing committee, "*Priests' Life Committee*," to consider the everyday life of the priest, and the fiscal matters and benefits that pertain to him. The committee members will review those sections of "*A Priest's Handbook*" that pertain to his life, compensation and benefits. The Chairman of the Council will identify the members of this committee. These members will select a chairman.

3. Priests' Ministry and Mission Committee- There shall be a committee, "*Priests' Ministry and Mission*" to consider how best priests can cooperate in achieving the goals set forth in the Diocesan Pastoral Plan.

4. Ad Hoc Committees- As needed, committees shall be appointed by the Chairman to address particular issues affecting the priests.

C. Membership on the standing sub-committees {Priests' Life and Priests' Ministry and Mission)-

Elected and appointed members of the Council will be appointed by the Chairman of the Council. *Ex Officio* members may be appointed as consultants. There should be at least four members on each committee.

D. Membership on *ad hoc* committees-

The Chairman should appoint at least one elected, one appointed and one *ex officio* member to the committee. Additional members, either Council or others not on the Council, may be appointed to these committees.

102- Personnel Board

A. The Personnel Board serves as an advisory group to the Bishop regarding priest personnel. The board members make recommendations regarding the assignments of priests, sabbaticals, graduate studies and other priest issues and concerns. Board members offer support and encouragement to the priests of the Diocese and serve as oversight for priests' accountability procedures (Annual Priest Review/Parish Visitation and Supporting Priestly Ministry.)

B. The Personnel Board shall be composed of elected, appointed and *ex officio* priest members.

1. Elected members- The active priests of the Diocese are arranged in three numerically equal groups based on their years of service. Each group will elect one member from their group to serve as their peer representative on the Personnel Board. Each representative may serve two consecutive three year terms.

2. Appointed members- If the Bishop determines that the diversity and culture of the presbyterate and ministries in the Diocese are not represented, he may appoint one or two members for a year's term that is renewable.

3. *Ex Officio* members- The Vicar General, the Vicar for Priests and the Associate Vicar for Priests serve on the Board by reason of the positions they hold. Their term of office coincide with their positions.

C. The Director of Acculturation will be the mentor for all new international priests.

D. The Associate Vicar for Priests will oversee the Mentoring Program for all other new priest leaders in ministry.

E. The Mentoring Process

1. Newly ordained Priests

a. The new priest should meet with his pastor on a regular basis. In the beginning of his ministry this might be more frequent.

b. The pastor may also serve as mentor for the Parochial Vicar.

c. If the pastor is not the mentor, the Associate Vicar for Priests should assist the Parochial Vicar in selecting one.

d. The meetings between the priest and mentor (other than the pastor) should take minimally every six weeks for three years or as long as the priest serves as a Parochial Vicar.

e. The pastor/mentor should notify the Associate Vicar for Priests that the meetings are taking place.

2. First time Pastors

e. The mentor(s) should notify the Vicar General that these meetings are taking place.

304- Programs for Ongoing Formation for Priests

All priests ministering in the Diocese of Lexington should continue to improve their quality of life to be personally fulfilling and beneficial to the vitality of the local Church.

A. All priests shall participate in all of the regular programs offered by the Diocese for the education and formation of priests. These include: the annual retreats held in even calendar years, convocations, assemblies, days of prayer and study, and the Jubilee celebration.

1. The value of these programs lies in the opportunities given to the priest-participants to grow as individuals and as a presbyterate.

2. There is another value, which might even surpass that. Regardless of the topics, these formation/education programs have given the priests time to share their hopes and concerns. They have become times to strengthen our priestly lives and grow into a more unified presbyterate.

B. All priests shall participate in individual programs of formation. These include: private retreats, books, DVD's, CD's, lectures, sabbaticals, short-term and immersion programs. The Vicar for Ongoing Formation will serve as a resource in this important area.

SECTION 400 - SPECIAL MINISTRIES OF PRIESTS

The section of Canon Law that gives direction to the priest in parish ministry is found in Book II (The People of God, Canons 519-552.) Canon 519 identifies the general responsibilities of the Pastor, "The pastor is the proper shepherd of the parish entrusted to him under the authority of the diocesan bishop in whose ministry of Christ he has been called to share; in accord with the norm of law he carries out for his community the duties of teaching, sanctifying and governing, with the cooperation of other presbyters or deacons and the assistance of lay members of the Christian faithful." In addition, there are these special ministries...

401- Prison Ministry

A. State and Federal Prisons

1. It is the responsibility of the deanery wherein the prison is located to provide for visitation at the prison especially for Mass and the Sacraments. Mass should be offered at least once a month.
2. Priests who serve in prison ministry must receive "credentials" to be admitted into the prison. These need to be worked out through the prison authorities, the warden or the chief chaplain.
3. The deaneries should form ministry teams composed of ordained, religious and lay members (Office of Prison Ministry.)
4. Special consideration should be given for Hispanic Ministry, when needed, and for visitation by the Bishop.
5. Liturgical necessities brought about because of this specialized ministry should be cleared with the Vicar General. If the priest is offered a contract of payment for this ministry, the contract is to be made through the Diocese Office of Finance.

B. Regional and local places of incarceration

1. It is the responsibility of the pastor/parish of the location of the place of incarceration to provide for visitation at the prison especially for Mass and the Sacraments. Mass should be offered at least once a month.
2. All directions given under 401 A above should be followed here.

402- Healthcare Centers Ministry

A. All hospitals, nursing homes and assisted living facilities located within parish boundaries are to be served by that parish. A team of priests, deacons and laity should follow a scheduled routine of sacramental ministry, visitations and support to patients and their families.

B. In Lexington (Fayette County) the hospitals are covered for ministry by the parishes in the city: Baptist Health by Christ the King and Mary Queen (alternate months), University of Kentucky by Holy Spirit, Samaritan by St. Paul, St. Peter and St. Peter Claver. There is a priest chaplain at St. Joseph (Main and East) Hospital. A priest is on call for emergencies at the Veterans Hospital and a Deacon offers regular ministry there.

C. The ministry team from each parish should also visit their own parishioners in the hospitals.

403- Campus Ministry

A. In parishes where a college or university is located, ministry to serve students and faculty should be established.

B. This ministry program would include opportunities for Mass and faith formation.

BOOK TWO – COMPENSATION & BENEFITS

INTRODUCTION

Vatican II in the “Decree on the Ministry and Life of Priests,” and echoed in the U.S. Bishops’ letter, “Economic Justice for All,” states that “as the Church is to be an effective preacher of justice, it must appear just in the eyes of the world. This call for justice in the payment of priests represents a change in model, away from the fitting support due to the holder of an office of benefice attached, and to just compensation for ministerial work done on behalf of the Church.”

To this end this section of the Handbook (Book Two) is offered as a summary of financial policies and regulations for priests in the Diocese. It is not intended to replace Diocesan policies nor is it intended to give an extensive presentation of all areas affecting the priest financially. Nor is it intended as a financial guide to the priest.

The priest is advised that nothing in this handbook is offered as individual tax advice. Each priest is encouraged to have a tax advisor. The priest is strongly recommended to consult with an advisor before engaging in any major financial arrangement.

NOTE: Items in Book Two marked with an asterisk (*), are actions done for the priest by the Diocese or the parish location.

SECTION 500A – COMPENSATION AND BENEFITS

501- Ordinary Compensation

- A. The Bishop, in consultation with the Presbyteral Council, will annually determine the standard compensation for the priests of the Diocese of Lexington.
- B. Benefits for retired priests are set by the Priests’ Retirement Plan.
- C. Compensation for active priests include: salary, annual retirement payments, Mass stipends, automobile insurance, health, dental and vision premiums, long term care, ongoing formation and all reimbursements and benefits specified by the Diocese. (See Appendix A-Priests’ Compensation Summary.)
- D. The location where the priest is assigned is responsible for the benefits and compensation. If a priest has multiple assignments, the responsibility for the benefits and compensation is apportioned among the locations being served. There should be written agreements between the priest and the locations regarding the amount that each location will be billed.

*E. The salary portion of the compensation will be taken each month by a 'sweep' from the location(s) account by the Human Resource Information System vendor.

*F. If the location is unable to meet the payment of the priest's salary because of insufficient funds, applications for assistance may be submitted to the Diocesan Finance Officer.

502- Mass Stipends

A. Active priests in the Diocese do not receive a direct Mass stipend for celebrating Mass. Instead, the amount of stipends for a year (365 days x \$5.00 or \$1825.) is added to the priest's base salary and becomes part of his compensation packet (See Appendix A).

B. Retired priests may receive a stipend for a Mass offered since the stipend is not a part of their compensation. If the retired priest receives a stipend for more than one Mass on a given day, the binated stipend should be sent to the Chancellor.

*C. The stipend as part of the compensation packet is budgeted as an operating expense.

*D. The Mass intentions book must be kept and documented. Monies given for Mass stipends should be deposited into the parish operating checking account and tracked through account 260 in Quick Books.

503- Stole Fees

A. Any *stole fee* required by the Parish is to be turned in to the Parish. If the amount given for the ministry is more than that required by the parish, the priest may keep the amount over the required amount. The priest to whom the fee is given when no fee is required, may retain that amount.

B. Stole fees, retained by the priest, are considered income by the Internal Revenue Service.

504- Outside Earnings in Church Ministry

*A. Compensation from outside contractual income (e.g. teaching at a local college on a regular basis) should be coordinated through the Vicar General and the Diocesan Finance Officer.

*B. If the priest wants additional withholding for this compensation, signed instructions must be given to the Diocesan Payroll Office.

*C. All other outside income earned should be reported to the priest on a 1099 form from that employer for tax purposes.

SECTION 500B – REIMBURSEMENTS & ALLOWANCES

505- Reimbursement Plan

A. All diocesan entities are to adopt a monthly reimbursement plan.

B. See Appendix A for the amounts of reimbursements and allowances.

C. All purchases should be documented with the original receipt or voucher. The voucher should be given to the appropriate office by the end of the month or at another agreed upon deadline.

1. For cash and credit card purchases, the original detailed receipt which shows the date, items of purchase and amount paid, etc. should be sent to the office of the entity with a brief explanation of business purpose noted.

2. For cash outlays where no receipt is available (tips, tolls, etc.), expenses are documented by indicating, cost, purpose and type of purchase.

D. Failure to request reimbursements within sixty (60) days of purchase negates the responsibility for reimbursement.

506- Ongoing Formation

A. Ordinary

1. The priest may be reimbursed up to the maximum amount set by the Diocese (see Appendix A) for the following: yearly retreat, all diocesan Ongoing Formation for priests, all work-related seminars, books, CD's, DVD's, tapes, support group activities (meals, travel and lodging), spiritual direction costs and health club membership.

2. The entity served by the priest may pay directly for the Diocesan programs.

3. For other expenses, the original voucher should be submitted to the appropriate office. Once the voucher has been submitted, payment should be made to the priest within ten (10) days.

4. If a priest serves at multiple entities, apportioned compensation would apply.

B. Extraordinary

1. Each priest of the Diocese may participate in a program of ongoing formation besides those offered by the Diocese. This program should be approved by the Vicar General.

2. The priest may be reimbursed up to the maximum amount set by the Diocese (Appendix A).

3. The entity served by the priest is responsible for the reimbursement.

NOTE: The Diocesan directed allotments for both the ordinary and extraordinary ongoing formation are not cumulative beyond the current fiscal year.

507- Mileage

A. The priest is to be reimbursed for the use of his personal vehicle for parish, diocesan and church business.

B. The priest should request reimbursement (Appendix C) at the end of each month listing mileage and event.

*C. The entity should reimburse the priest within ten (10) days.

*D. If the entity cannot pay the reimbursement, it can apply for assistance (Mission and Ministry grant) through the Diocese Finance Officer.

E. The percentage rate for the current year is given in Appendix A.

F. When active priests in the diocese substitute at locations, the only reimbursement they receive is for mileage (Appendix C); retired priests will also receive a ministry compensation.

508- Car Insurance

A. All priests of the Diocese, active and retired, and those in full ministry, must have car insurance. Catholic Mutual is the required agency for this insurance. Exceptions requested by retired priests must be approved by the Vicar General in consultation with the Diocesan Plant & Property Manager.

1. For active priests, the premiums for this coverage are paid by the location served by the priest. If he ministers in more than one location, the payment is apportioned.

2. For retired priests, the premiums are a personal responsibility.

*B. If the location needs assistance in paying the premiums it may seek a Mission and Ministry grant through the Diocesan Finance Officer.

C. It is the responsibility of the priest to notify Catholic Mutual of any assignment relocations. Failure to do so will result in late payments and penalties.

509- Food Allowance/Expense

A. Personal Food Allowance - Current practices for personal food allowance include:

1. Adding the monthly amount allowed (See Schedule A for Annual Food Allowance and divide by 12) to the priest's monthly payroll check.

If the food allowance is included on the payroll check, the priest is strongly encouraged to keep all documented receipts to submit to their tax preparer to substantiate the business purposes.

2. Using a prepaid store card or a parish credit card.

If using a prepaid store card or a parish credit card, it is mandatory to turn in all original detailed receipts to the appropriate office monthly. All receipts should indicate the business purpose of the purchase.

3. In general this covers meals the priest enjoys both at his residence and when "eating out."

4. When the priest is eating out "on duty," his meals can be charged to his personal food allowance. "On duty" can be construed in these situations as meaning that he uses his cell phone to make and receive business calls while at meals.

B. Parish Business Food Expenses

1. Meals during an ordinary business appointment (driving to a meeting, going to the mission,) would be part of the priest's personal food allotment.
2. Parish programs, such as RCIA or planning committees, should be considered as business activities. Any meal where business is conducted is a business expense.

C. Diocesan Business Food Expenses

1. The priest's service to the Diocese involving committee meetings and Diocesan events may be accounted for as business expenses.
2. Costs of mileage, meals and lodging may be reimbursed.

510- Residence Allowance

A. Residence allowance includes: the fair market value of the priest's residence, newspaper, basic cable, telephone (cell and land), internet connection, utilities, clerical attire laundry, yard services, home repairs, furniture, appliances, maintenance and general cleaning.

B. Residence allowance does not include personal purchases and comfort items (e.g. personal toiletries, personal entertainment purchases and over the counter medications.)

C. Purchases made at parish expense are to be retained by the parish on reassignment of the priest. Personal and parish properties should be clearly identified.

*D. The Parish Finance Council should complete the residence form (Appendix B), setting the fair market value for the residence and designating what part of this value is the priest's responsibility, his sitting room, bedroom and bathroom. Copies of this form should be retained by the priest and the parish.

BOOK THREE – POLICIES

INTRODUCTION

The Diocese cannot operate without certain guidelines and rules that are mutually beneficial to diocesan operations, to the people served and to all priests and employees. All priests are expected to adhere to the Code of Conduct at all times.

A. Section 28 of the Employee Handbook gives examples of infractions of the Code. The lists are not all inclusive. Infractions of these standards may lead to warnings and penalties.

B. Although priests are not usually regarded as “employees,” some of the sections of the Employee Handbook cited in the Priest Handbook do apply to priests.

SECTION 600 – POLICIES

601- Accountability

The Diocese, as an organization that provides services to the vulnerable, has an obligation to protect the people it serves.

A. Each priest is held accountable to the provisions of the Code of Canon Law, the Diocesan Code of Conduct and the Diocesan Policies and Procedures for Creating a Safe Environment for Minors and Vulnerable Adults.

1. Each active priest shall complete an annual Performance Review with the Dean/Alternate Dean of his respective deanery. A visitation of the parish plant should take place at the same time as the review. Completed reviews should be sent to the Vicar General by June 1st of each year.
2. Each active priest shall engage in the “Supporting Priestly Ministry” review every three (3) years. The Vicar for Priests and the Associate Vicar for Priests will oversee this review.
3. All newly ordained priests, all first time pastors, all priests new to the Diocese, and all new presbyteral moderators shall observe the requirements of the Orientation and Mentoring Programs described in Section 300 of this handbook.
4. Each first time pastor shall meet with a representative of the Personnel Board after eighteen (18) months as pastor for an assessment.

B. Adapted from the Employee Handbook

1. Background Check

- a. It is the policy of the Diocese to conduct background checks for all priests before their first assignment.
- b. Every five (5) years, each priest must complete a new background check and a Safe Environment recertification through CMG Connect (www.cdlex.org).

2. Corrective Action

- a. There are times when corrective action has to be taken in order to make priests aware that some aspects of their performance or behavior must be improved.
 - 1) It is the Bishop's responsibility, either directly or through a delegate, to work with the priest to assist him in making the necessary improvements.
 - 2) It is the pastor's responsibility to work with his parochial vicar to assist him in making the necessary improvements.
 - 3) Ultimately, it is each priest's responsibility to resolve any performance or behavior problem so that acceptable performance or behavior can be achieved.
- b. The objective of corrective action is to eliminate the unacceptable performance or behavior, rather than to punish.
- c. The three (3) steps in the corrective action process are:
 - 1) Verbal Counseling – the Bishop or his delegate with the priest
 - 2) Written Warning – from the Bishop
 - 3) Final Warning leading to disciplinary action
- d. The Bishop reserves the right to impose the level of corrective action he believes is appropriate given the facts and circumstances.

e. The Diocese is committed to fair and consistent treatment. A complete and thorough investigation of all serious infractions will be conducted in a prompt, professional manner and will be kept confidential to the extent consistent with a thorough investigation.

f. If a performance or behavioral issue should reoccur within twelve (12) months of the previous corrective action, the next step identified in the previously stated process will be followed.

g. If a priest feels he has been unfairly disciplined by his pastor, he should file a complaint through the established Complaint & Conflict Resolution procedure (Section 8 in the Employee Handbook).

3. Supervision and Conflict

When a deacon or non-cleric is the immediate supervisor of a priest (e.g. Hispanic Ministry Team, St. Joseph Hospital, Lexington Catholic High School) and there is a conflict that cannot be resolved between them, the Bishop or his delegate will respond to the conflict (see Sections 8 and 9 of the Employee Handbook).

4. Personal Business/Outside Employment

a. The Diocese considers a priest's assignment his primary, full time ministry. Any outside activity or ministry must not interfere with the priest's performance of his primary ministerial duties.

b. A priest thinking of taking on a second ministry must receive the approval of the Bishop before any plans are finalized.

5. Employment of Relatives

A relative of a priest who is recommended for hire by that priest must meet the same employment requirements as other persons applying for the same position. The priest should not be placed in position where he will have direct supervision over a relative.

6. Business Ethics

It is the policy of the Diocese that priests not receive gifts, tips or gratuities from a vendor, outside service or contractor that unduly influences or creates the perception of influence.

a. Priests are never permitted to borrow money or personal items from any parishioner, family member of a parishioner, vendor or outside service provider unless that person/provider is in the business of loaning money (e.g. a bank).

b. Any priest in violation of this policy will be required to undergo refresher training in Business Ethics.

7. Conflicts of Interest

a. Priests should avoid any situation that involves or may involve a conflict between his interests and the interests of the Diocese.

b. If a priest is in a conflict of interest situation, he shall make prompt and full disclosure in writing to the Bishop.

c. Examples of conflicts of interest are presented in Section 51 of the Employee Handbook.

8. Personal Appearance and Clerical Garb

Maintaining a professional appearance is important as priests serve as representatives of the Diocese. When functioning as a priest, the clerical suit is the appropriate attire.

9. Personal Property

The Diocese does not assume responsibility for personal property left on Diocesan premises. Every effort should be made to keep personal property in a secure place.

602- Confidentiality

A. By nature of their position or responsibility, priests may have access to information that is and must be confidential.

1. In matters of Sacramental Reconciliation, priests are bound to absolute confidentiality with the Seal of Confession (see Canon 984).

2. Personnel files of priests are maintained by the Chancellor of the Diocese. Only the Bishop can authorize access to a priest's personnel file by anyone other than the priest himself.

3. The priest may review his file at any time by submitting a written request to the Chancellor.

B. Adapted from the Employee Handbook

1. Other than general information regarding employment (such as dates of employment), private information or personal data about a priest will not be shared with anyone without the prior consent of the priest.

2. The Diocese cooperates with federal, state and local government agencies. Personal information will be provided when such agencies are entitled to that information by law.

3. The Diocese is required by law to maintain certain medical, health and other confidential records for each priest, some of which must be maintained separate from the priest's personnel file. These records will be maintained in a confidential file (c.f. Section 20, number 6, of the Employee Handbook.)

603- Communication

A. The Diocese utilizes various methods to communicate with the priests.

1. The main methods of communication for the Diocese include the Diocesan website (www.cdlex.org), the priest portal on the Diocesan website, the monthly News Notes, Cross Roads newspaper and direct correspondence.

2. Priests are responsible for reviewing their communications.

3. All priests are assigned a cdlex.org email address. All email communications from the Catholic Center will be sent only to the cdlex.org address.

4. Letters of Commendation and Complaint

a. When the Bishop receives a letter commending a priest for good service or outstanding performance, the reception of the letter will be acknowledged and a copy sent to the priest.

b. When the Bishop receives a letter of complaint regarding a priest, the letter will be acknowledged, the matter discussed with the priest and the issue brought to a conclusion.

c. Only signed letters of commendation or complaint will be considered. Those using the telephone with a commendation or complaint should be encouraged to put their thoughts in written form.

B. Adapted from the Employee Handbook

1. It is the responsibility of all priests to keep the lines of communication with the Diocese open and working. If there is a problem or question regarding communication, the priest should contact his immediate supervisor: for the parochial vicar, this would be his pastor; for all other priests, this would be the Diocesan Communications Office.

2. Use of Diocesan Supplied Technology

Refer to the Employee Handbook, Section 56, numbers 1-17.

3. Use of Social Media

Refer to the Employee Handbook, Section 57, numbers 1-8.

C. As good stewards, it is the primary responsibility of those residing in the residence to promote a good quality of life for all who live there.

2. There should be adequate communications among the priests regarding responsibilities and the maintenance of the residence.
3. Offices and work areas should be kept separate from living quarters.
4. The priest residence should have a private bedroom, sitting room and bathroom.
5. The consent of all living in the residence is required to have pets.

D. Policies affecting residents other than priests

1. Relatives and friends of the priest may live in the residence with the written permission of the Bishop. Others living in the residence as well as the Parish Finance Council should be consulted.

2. Clergy, seminarians, relatives and friends may visit and stay in the residence. All in the residence should be aware of when the guests will arrive and the length of their stay. Guest rooms should have privacy and adequate facilities.

E. Alternate residences (other than a rectory) must be approved by the Bishop. A parochial vicar must also have the approval of the pastor. The Parish Finance Council needs to be consulted.

607- Placement Procedure

A. The placement of priests is the sole responsibility of the Bishop.

B. The Priest Personnel Board serves as an advisory body to the Bishop in the assignment of priests and other priest personnel issues. The board members meet with the Bishop in prayerful discernment about both the needs of the Diocese and the priests.

C. Open Listing Policy

1. In late Fall of each year, the Vicar for Priests invites any priest of the Diocese who might be interested in a change of assignment to notify him of his intention.

2. The board meets to identify the needs of the Diocese, especially regarding priests.

3. The priests of the Diocese are notified of any pastorates or major administrative positions that will be “open” in the coming fiscal year.

4. A Task Force for Transition is formed in those parishes that have been placed on the open list.

a. Staff members and one member of both the Parish Pastoral Council and the Parish Finance Council should serve on this task force.

b. The goal of the task force is to gather information from the parish regarding the present condition of the parish, as well as, the hopes and desires for the future.

c. The information gathered by the task force is shared with all the priests of the Diocese. Those who are seriously interested may request the most recent financial and statistical reports on the parish from the Vicar General.

5. A priest may nominate himself as a potential candidate. A priest may nominate another priest, but only with that priest’s knowledge. Letters of nomination should be sent to the Bishop or the Vicar for Priests.

6. All assignments are made by the Bishop. They are confidential and made public when the Bishop gives official notice.

608- Priests Coming to the Diocese

Priests from religious communities and priests from other dioceses who are in good standing will be accepted and welcomed as brothers in ministry to the people of the Diocese following the appropriate discussion between the Bishop and the Religious Superior/Bishop of the priest asking to serve in the Diocese. - E. In the event of multiple priests requesting a sabbatical leave at the same time, determination regarding the approval/denial of the requests will consider the order in which the requests were received, seniority, prior sabbatical leave use, and relative benefits for the applicants and the Diocese.
- F. Priests on sabbatical leave will receive their salary and basic benefits from the parish or primary assigned ministry. The cost of the approved sabbatical leave program, including transportation at the beginning and end of the program, will be paid by the Diocese.
